## **SITE DESCRIPTION**

### Location

The property is located on Del Mar Ave., just south of Fallbrook Avenue in an area commonly referred to as the Woodward Business and Industrial Park. It is identified as 7621 N. Del Mar Avenue, Fresno, California, 93711.

### Census Tract and A.P.N.'s

C.T.:           3671.11  
A.P.N.:         303-342-04

### Size and Shape

The subject site is rectangular in shape and contains approximately 30,090 square feet of land area.

### Off-Site Improvements

Off-Site improvements consist of concrete curb, gutter and sidewalks and street lighting along both street alignments.

### Utilities

Water and Sewer is available through the City of Fresno, Gas and Electrical service is available through PG&E.

### Topography

The site is level and above street grade.

### Streets

The two streets serving the subject site are North Del Mar and West Fallbrook Avenues.

### Access and Exposure

Access to the subject site is from N. Del Mar Avenue by one ingress and egress point. The property has excellent exposure from Del Mar Ave.

### Zoning

The property is zoned M1-P.

### Parking

There are 29 on-site parking stalls, plus abundant street parking on Del Mar Avenue.

## **IMPROVEMENTS DESCRIPTION**

### Foundation and Flooring

The foundations are concrete slab floors.

### Building Shell

The shell is made of concrete block construction with windows set in anodized aluminum frames.

### Roof

The roof is a built-up roof, surrounded along the perimeter by concrete block walls with a large interior air conditioning well.

### Interior Finishes

The interior finishes consist of wall to wall carpeting and vinyl floor coverings with a suspended acoustical tile ceiling system with flush mounted fluorescent light fixtures. The suites are built out for traditional office use.

### HVAC

The suites are heated and cooled by roof-mounted dual-pack refrigeration and forced air heating equipment. Each suite has thermostats for temperature control.

### Electrical

There is ample electrical power for the building and all office areas have adequate electrical outlets to meet general office requirements.

### On-Site Improvements

On-site improvements include good quality landscaping with automatic underground sprinkler systems, concrete walkways, asphalt paving and parking lot lighting.

### CASp Survey

The property has not been inspected by a Certified Access Specialist.
